

Season for Young People

BUS DRIVER INFORMATION & DIRECTIONS

Arriving for the Show

- Schools are provided with bus signs to easily identify those attending our performances. Please place the bus sign in your window so it is easily visible from the sidewalk.
- As your bus nears the TPAC building, look for our TPAC bus parkers in red vests. They will direct each bus to a parking location. Please do not unload students until a bus parker has instructed you to do so.
- When the bus is parked, a TPAC staff member will come to the door and provide instructions. Do not unload students until instructed by a staff member.

During the Show

Do you plan to watch the performance? If bus drivers would like to watch the performance, they need to ask the contact teacher to include them in the reservation count. Please ensure you are wearing your school badge to enter the theater. Bus drivers will be seated in the accessible section or on an aisle to be easily located in the event of an emergency.

Do you plan to leave the bus unattended? – Please do not leave the bus for more than 30 minutes max in case we need your assistance. If you do leave the bus for a short time, please fill out the information card provided on arrival with your name and cell number and place it on the dashboard in case we need your assistance.

Driving Directions
